

CONTROLLED PRECISION IN TIGHTENING

CORDLESS IMPULSE TOOL W/ BATTERY YZ-NP600E

YOKOTA YZ-NP battery impulse wrenches are powerful, very accurate and most important, have no kick-back. The very compact design offers great accessibility to the joint. Tightening bolts M6 with torque levels up to 25 Nm with very high speed and remarkably low reaction forces. The combination of adjustment of the relief valve and speed setting of the motor gives a great fit-for-purpose adaptation to the specific bolted joint. Pulse check function: By teaching the tool the impulse cycle as a reference point, the tool is able to give a warning message for upcoming maintenance needs.

Characteristics:

- No kickback
- High speed fastening
- Hybrid technology
- DC drive brushless motor

Delivered with battery, but without charger.
