

ELECTRIC SCREWDRIVER 1,47~2,94NM RRI-ESL71930

The RED ROOSTER electrical brushless screwdrivers have a large torque-range, are highly accurate and have a low vibration level. Very ergonomic design including ESD safe body material. The special design of the clutch combines low reaction forces with a high repeatability of the torque. This corded tool is designed for the assembly industry, where threaded fasteners are used.

Delivery includes: Standard power controller, AC cord and DC cord, clutch cover. Characteristics:

- soft ergonomic grip, lever start
- starting lever is contactless which allows for high durability
- stepless adjustable torque level
- the optional clutch cover can prevent unauthorized torque adjustment
