AIR TURBINE GRINDER
RRI-T3340

The high speed RED ROOSTER RRI-T3340 die grinder is specifically destined for grinding and de-burring with hardmetal burrs on a 6mm shaft. The good torque and power ratio of the turbine motor transmit a stable speed of the shaft, even under loads. This is truly a very lightweight and compact die grinder.Use for moulds and dies but also for non-metallic materials.

Characteristics:
- **Low noise-level by means of integrated exhaust-air muffler.**
- **On/Off switch in the hose for flexibility of handling the tool.**
- **Contactless turbine motor ensures long lifetime and low vibration levels.**
- **This grinder should be used with oil-free air.**
