

AIR TOOL OIL, 1 LITRE ATLUB

ATLUB is the perfect lubricant especially developed to meet the lubrication requirements of pneumatic tools.

ATLUB is based on a water soluble synthetic lubricant, containing a well balanced choice of additives to obtain following properties:

- * Very good protection against wear, corrosion and oxidation
- * No forming of ice in pneumatic tools and machinery
- * A good protection against deposit in the pneumatic system
- * Good cleaning properties
- * Compatibility with seal and gaskets made from synthetic material

ATLUB can be used in an air-line or micro fog lubricator for lubrication of hammers, pile-drivers drills, grinders, pumps, hoists, clamps and vices. ATLUB will not mix with other mineral oils.

With ATLUB as the lubricant it is possible to work at very low temperatures, even at - 25°C, without freezing of the pneumatic system.

Specifications

Brand	RedRooster
Quantity (liter)	1
Sales Group	030
UNSPSC number	15121527
Eclass number	21069209
EAN	8717981295012
