RED ROOSTER
LEADING IN POWER TOOL SOLUTIONS

5L BARDAHLINE 32
BARDAHL-31663

Bardahline 32 is a high-quality food-grade oil, formulated for use in pneumatic circuits within the food and pharmaceutical industries, where safety and compatibility are crucial. This oil complies with FDA 21 CFR 172-878 and 178-3620a for direct food contact.
With a viscosity of 15.5 mm2/s at 40°C, Bardahline 32 provides optimal lubrication and performance over a broad spectrum of operating temperatures, with a flashpoint of 200°C.
NSF registered number 140283 in category 3H/H1, Bardahline 32 guarantees safety for direct and incidental contact with food, in accordance with the highest operational standards and quality assurance.
Suitable for a variety of applications including pneumatic circuits and delicate mechanisms. The oil is odorless, colorless and tasteless, and also offers chemical inertness and biodegradability, which contributes to its durability in humid environments.
