

## TORQUE WRENCH 300~1500NM AUMR51500

This torque wrench from NovaTork is made of high-quality aluminum and has a built-in ratchet head. This makes it very lightweight and durable, but above all very pleasant to use. Repositioning or a loose ratchet head is no longer necessary. The solid construction makes it very suitable for higher tightening torques. This AUMR model has an extended handle for ergonomic and safe working.

### FEATURES
