

BATTERY SHUT-OFF IMPULSE TOOL

YZ-T800E

YOKOTA YZ-T battery impulse wrenches with shut-off are powerful, very accurate and most important, have no kick-back. The very compact design offers great accessibility to the joint. Tightening bolts with torque levels up to 35 Nm with very high speed and remarkably low reaction forces. Adjusting the tool settings for the specific bolted joint is done by Programming Console PC-2F and cable CC-1. Auditory and visual feedback on the result of the screwing process.

Characteristics:

- With built-in retention in the square drive
- No kickback
- High speed fastening
- Hybrid technology
- DC drive brushless motor

Delivered inclusive battery but without charger.
